HOT SPRINGS

(Special to The Times-Dispatch.)

Hot Springs, Va., November 2.—
Whether or not President Taft will
make his intended visit to the Hot
Springs, now that the election is over,
is a much-mooted question here. He
and Mrs. Taft had a suite engaged for
the letter part of October, and he
intended coming here as soon as he
left Beverly, but the pressure of engagaments incident to the closing of
the campaign made this imposs-ble
had Springs is his favorite resting
place. The President stated at the
time he change his plans that he
might come here in November. That,
should he do so, he would be among
his admirers, is certain; for a poll of

Mise Kathleen Beresford, daughter of Admiral Lord Charies Beresford, of England, and who has been stopping there with Colonel and Mrs. Robert M. Thompson, is a suffragette, though her father is strictly opposed to ballots for women. She holds decided views on the subject and presents them in a way that has made several converts at the Homestead Hotel. Lord Beresford's first knowledge of his caughter's sympathy for the cause was gained when he saw her marching in a parade of suffragettes in London The daughter also saw the astenished father and waved him a gay saluta. Mires Buresford, who recently code with Colonel Thompson and party a hundred miles in two days to Natural Bridge, has now left for a riding tip through the Grand Canyon, but saw will be back in New Tork shortly, and will visit there, in Boston and Philadelphia for the remainder of the
